

School Readiness Check - Short Version

The questions below are a quick review to guide leaders and Wellbeing Teams in assessing their readiness to adopt and implement the Friendly Schools initiative. The scoring process is designed to generate discussion and to stimulate thought about the characteristics of the initiative and the context in which it is to be implemented. Please circle the number that corresponds to the level of current readiness in each area. The rating scale is 0 to 5, with zero being 'not at all' and five being 'well established'.
